

Emergency Medicine Medical Toxicologist

Kansas City

Seeking an Emergency Medicine Medical Toxicologist with enthusiasm for growing toxicology services and serving in our 52-bed Level I Trauma Center

About our emergency department

- Experiences greater than 60,000 patient visits per year
- Equipped to provide the highest level of care in our region
- Housed in a tertiary care center
- Nationally certified Poison Control Center (CSC)
- STEMI center
- Nationally verified adult and pediatric burn center
- Emergency Medicine Residency Program (24 residents)
- Fellowships in education and ultrasound

Academic appointment is commensurate with experience.

Excellent salary, benefits and retirement in a culturally collaborative and supportive multi-disciplinary environment.

Responsibilities include

- Bedside and phone toxicology consults for inpatient and ED patients
- Call coverage for The University of Kansas Health System Poison Control Center
- Clinical shifts in the emergency department
- Train and educate medical students and residents

Qualified candidates must have

- MD or DO designation
- BC/BE in emergency medicine
- Medical toxicology fellowship
- BC/BE for subspecialty certification in medical toxicology
