

Endocrinologist

The University of Kansas Health System, a premier academic medical center specializing in academic medicine, research and patient care, has an immediate opening for an Endocrinologist to join our interdisciplinary team.

The opportunity

- Advance patient care in an innovative and transformative healthcare environment
- Opportunity to work with students and fellows
- Be part of the ADA-recognized Cray Diabetes Center empowering patients, healthcare providers and families by providing education and skills needed to successfully manage their diabetes
- Actively conduct clinical trials with a collaborative and integrative team
- BC/BE in endocrinology
- Interest in thyroid biopsy ultrasound or pituitary disease highly desired

The University of Kansas Hospital

- 910-bed academic medical center
- Ranked among the nation's best hospitals by U.S. News & World Report for 13 consecutive years
- Consistently earns national recognition for outstanding quality and safety
- Magnet-designated by ANCC since 2006

Kansas City

- Bi-state region of greater than 2 million
- A "hidden gem" winning the award of America's 4th Most Cultured City by Travel + Leisure magazine
- Affordable housing, including downtown lofts, suburban neighborhoods and rural properties
- A robust arts scene, including symphony, ballet, theater and museums
- Sports enthusiasts can enjoy a variety of professional and collegiate sports
- Outdoor activities abound with more than 600 parks and 24 public lakes
