

Neurologist – Headache Medicine

Kansas City

Details

One of the largest academic neurology practices in the Midwest seeks a Neurologist with expertise in the evaluation and treatment of headache disorders. With 50 neurologists, 24 residents and five fellows, the department provides tertiary neurological care to a five-state area. Clinical research is supported through the KU Research Institute and the NIH-funded Clinical Translational Science Unit (CTSA).

The department is ranked among the national leaders in clinical care and research.

Minimum requirements

- BC/BE in neurology
- UCNS board certification for subspecialty
- Eligible for unrestricted license in Kansas
