

# Pulmonary Critical Care

## Kansas City

Internal Medicine, a division of Pulmonary and Critical Care Medicine, at The University of Kansas Health System, is seeking a Pulmonary and Critical Care Specialist.

### About the position

- Provide medical care to pulmonary/critical care patients in a teaching hospital setting. Instruct learners and demonstrate appropriate diagnosis, treatment and care of pulmonary/critical care patients in both inpatient and outpatient settings.
- Develop and conduct research and clinical trials.
- Applicant must have an MD degree from an approved LCME medical school and satisfactory completion of an internal medicine residency and pulmonary/critical care fellowship from an ACGME-accredited program.
- Must be eligible for Kansas medical licensure and BE/BC in internal medicine, pulmonary medicine and critical care.

### About The University of Kansas Hospital

- 784-bed academic medical center
- 10th consecutive year ranking on U.S. News & World Report's Best Hospitals list

- Consistently earns national recognition for outstanding quality and safety
- Best Hospital in Kansas City for the 7th time and Best Hospital in Kansas for the 5th time (the only hospital to have received these awards from U.S. News & World Report)
- Magnet designation in nursing achieved consistently

### About the city

- The Kansas City metropolitan area has a bi-state population of greater than 2 million
- A hidden gem, winning the award of America's 4th Most Cultured City by Travel + Leisure magazine
- Affordable housing, including downtown lofts, suburban neighborhoods and rural properties
- A robust arts scene, including symphony, ballet, theatre and museums
- Sports enthusiasts can enjoy a variety of professional and collegiate sports
- Outdoor activities year-round with more than 600 parks and 24 public lakes
