

Sports Psychologist

Region's premier academic medical center

The position

Psychiatry and Behavioral Sciences is seeking a Sports Psychologist to join a rapidly expanding, 18-member Psychology Division. The chosen individual will work with our sports medicine specialists as an integrated member of our Sports Medicine and Performance Center team.

Responsibilities

- Provide assessment, psychotherapy, counseling and support for athletes 14 and older with sport-related psychological issues. This position will not be managing chronic mental and behavioral health concerns.
- Provide individual and group psychotherapy to patients and their families.
- Educate psychology interns and postdoctoral fellows in areas of psychologist's expertise.
- Maintain a productive clinical practice in the ambulatory sports medicine center and work collaboratively with sports medicine personnel.
- Participate in department activities, faculty meetings, committees and Grand Rounds.

Qualifications

- Doctorate degree in psychology from an APA or CPA accredited clinical program
- Licensed or eligible to be licensed to practice as an independent psychologist (LP) in Kansas

- At least two years' supervised experience (including internship/postdoctoral fellowship)
- Experience in diagnostic assessment, treatment and performance enhancement for patients with sports-related and psychological concerns (preferred)
- Experience in leading psycho-educational treatment groups and working collaboratively with other medical professionals and social service agencies (preferred)

The University of Kansas Health System

- Official healthcare provider of the Kansas City Chiefs and Royals, as well as 20 local high school and middle schools
- Provide care to Division 1 athletes at the University of Kansas through our Kansas Team Health Partnership
- 910-bed academic medical center
- 13th consecutive year ranking with U.S. News & World Report's "Best Hospitals"
- Consistently earns national recognition for outstanding quality and safety
- Expert physicians in more than 200 specialties
