

BACK-UP CARE AND ADDITIONAL FAMILY SUPPORTS FACT SHEET

Caring for your loved ones doesn't have to be stressful. The University of Kansas Health System offers benefits that help you give your loved ones the care they need.

Back-up care

The next time you have a disruption in family care, you won't have to skip a beat. Spare yourself from the scramble of finding replacement care. Your Bright Horizons Back-Up Care™ benefit can find a welcoming childcare center or wonderful in-home caregiver when you need one. Benefit-eligible employees can receive up to 10 days of back-up care per year, with a copay of only \$6 per hour (with a four-hour minimum) for in-home care and \$15/child per day or \$25/family per day for center-based care.

Sign up and reserve back-up care when:

- Your child's school is closed
- The sitter's on vacation
- Your child is mildly ill and can't attend school or childcare
- Mom or Dad needs support in their home

Register now and reserve care when you need it
