The University of Kansas Health System St. Francis Campus

- Joint venture between The University of Kansas Health System, the state's only academic healthcare system, and Ardent Health Services, which has been awarded Best Places to Work by Modern Healthcare
- Serves the city of Topeka and surrounding areas with a combined population of 425,000
- 378 licensed beds
- 35,000 ER visits annually
- Over 4,000 outpatient surgeries
- Over 2,000 inpatient surgeries
- 400 privileged providers

Topeka

- **Location** - One-hour drive to Kansas City and 30 minutes to popular university towns including The University of Kansas and Kansas State University.
- **Affordability** – Topeka's cost of living is more than 10% below the national urban area average. Housing is particularly affordable.
- **Livability** – Diverse living with neighborhoods, schools, civic and cultural activities, economic incentives and a "we can do that" attitude.
- **Community Life** – NOTO Arts district holds 20 galleries, performing arts venues and First Friday Art walks. Outdoor enthusiasts enjoy facilities at Lake Shawnee and miles of trails throughout Topeka and the surrounding area.
