Community Health Needs Assessment

Table of Contents

I **Executive Summary**

II **Methodology**

- a) CHNA Scope & Purpose
- b) Local Collaborating CHNA parties...the identity of any and all organizations with which the organization collaborated and third parties that engaged to assist with the CHNA.
- c) CHNA & Town Hall Research Process... a description of the process & methods used to conduct the CHNA, a description of how the organization considered the input of persons representing the community, and an explanation of the process/criteria used in prioritizing such needs.
- d) Community Profile (Demographics/Economics)... a description of the community served by the facility and how the community was determined. TABS 1-2

III **Community Health Status**

- a) Town Hall CHNA Findings: Areas of Strengths & Areas to Change and/or Improve.”
- b) County Health Area of Future Focus... a prioritized description of all of the community needs identified by the CHNA.
- c) Historical Health Statistics – TAB 3-10

IV **Inventory of Existing County Health Resources**

- a) Physician Manpower, Health Service Offerings, Detail Inventory of HC providers and Detail Listing local DOH... a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

V **Detail Exhibits**

- a) Patient Origin & Access to Care
- b) Town Hall Attendees, Notes & Feedback... who those persons are (with qualifications)
- c) Public Notice & News
- d) Primary Research Detail

Shaded lines note IRS requirements

I. Executive Summary

[VVV Research & Development INC]

I. Executive Summary

The following report is the Community Health Needs Assessment (CHNA) prepared on behalf of **Miami County Medical Center (Primary Service Area) for Miami & Linn Counties KS.** Creating healthy communities requires a high level of mutual understanding and collaboration with community individuals and partner groups. The development of this assessment brings together community health leaders and providers, along with local residents, to research, prioritize county health needs and to document community health delivery successes. This health assessment will serve as the foundation for community health improvement efforts for the next three years. The Patient Protection and Affordable Care Act (ACA) require non-profit hospitals to conduct a CHNA every three years and adopt an implementation strategy to meet the needs identified by the CHNA.

Year 2013 CHNA brings together a variety of health status information. This assessment was coordinated and produced by VVV Research & Development INC. from Olathe, Kansas under the direction of Vince Vandehaar, MBA. Important CHNA benefits for the sponsoring local hospital and health department, as well as for the community, are as follows: 1) Increases knowledge of community health needs and resources, 2) Creates a common understanding of the priorities of the community's health needs, 3) Enhances relationships and mutual understanding between and among stakeholders, 4) Provides a basis upon which community stakeholders can make decisions about how they can contribute to improving the health of the community, 5) Provides rationale for current and potential funders to support efforts to improve the health of the community, 6) Creates opportunities for collaboration in delivery of services to the community and 7) Provides guidance to the hospital and local health department for how they can align their services and community benefit programs to best meet needs.

Town Hall Community Health Strengths Cited – Miami County Medical Center Primary Service Area (PSA) Miami / Linn Counties KS

- **Proactive service organizations; (Salvation Army etc.)**
- **Good hospital / doctors and schools. Progressive collaborates with MC health department, Up to date equipment for mammograms**
- **EMS services**
- **Clean air, water, environment**
- **Bike & walking trails**
- **Access to mental health care (state hospital, Elizabeth Leighton center)**
- **Dialysis center opening**
- **Food banks (some food healthy, some not so healthy)**
- **Health partnership clinics (not county run, Federally qualified health care center**
- **Access to gyms, Body Maxx... at least one in every town**
- **IQ health: You can check lab results out of Olathe Health system**
- **Long-term care**
- **Good level of breastfeeding**

CHNA "Health Priorities" Cited – Miami County Medical Center PSA Miami / Linn Counties KS:

Miami County, KS (MCMC PSA)				
Town Hall Community Health Needs Priorities N= 43				
#	TOPICS	Votes	%	Accum
1	Urgent care services	22	13.1%	13.1%
2	Affordable pharmaceuticals	18	10.7%	23.8%
3	Obesity % too high	18	10.7%	34.5%
4	Walk-in doctor appointments	17	10.1%	44.6%
5	Offer Home Health South of JO CO KS (PT/OT access)	15	8.9%	53.6%
6	Teen pregnancy/births to unwed mothers	14	8.3%	61.9%
7	Increase Immunization rates for children	13	7.7%	69.6%
8	Increase Access to dental care	10	6.0%	75.6%
9	Expand Health education - diabetic, obesity, behavioral risk factors, chronic diseases	9	5.4%	81.0%
Note:	Other needs receiving votes: School Screenings, Smoking, Transportation, Centralized HC Data, Low gym usage, CV Rehab, Domestic Violence, Mental Health, Accident rates and safe kid play areas.			

Key Community Health Needs Assessment Conclusions (Secondary Research)

- **KS HEALTH RANKINGS:** According to the 2012 RWJ County Health Rankings study, Miami County's highest State of Kansas ranking (of 105 counties) was in Health Behaviors – Tobacco Use, Diet/Exercise, Alcohol Use, and Sexual Activity Life (14th). Miami's lowest ranking was in Physical Environment – Environmental Quality (69th).
- **TAB 1:** Miami County's population has grown last 4 years 6.1% (Years 2006-2010). Miami County's median household income is \$60,539, which is higher than state comparison norms and other Critical Access Hospital (CAH) counties. Similarly, Miami also has a larger percentage of people living 200% above the poverty level (78%).
- **TAB 2:** Miami County has an unemployment rate of 7.90%, higher than the state norm and other CAH counties. The percentage of homeownership is also higher than the state norm and other CAH counties (73.5%). Finally, the average monthly WIC case load (per 1000) is low compared to other CAH counties (16.8 compared to 25.1).
- **TAB 3:** The poverty status by school enrollment is above other CAH counties (9.7% as compared to 8.3%). A larger number of students from Miami County are completing some college (68% as compared to 59%).

- TAB 4: Miami County's percentage of mothers who initiate breastfeeding is similar to the state norm and other CAH counties (76%). The percent of births where the mother smoked during pregnancy is also similar (15.7%). The percentage of births in Miami County where prenatal care began in the first trimester is higher than the state norm and other CAH counties (84.7%).
- TAB 5: Total hospital inpatient discharges in Miami County have remained level (approx. 3,050) over past 3 years. Linn County discharges have fallen from 1,337 to 1,132 between years 2009 to 2011.
- TAB 6: The number of persons served for mental health has increased over the past few years. Persons served and dollars spent on food and energy assistance have increased substantially from 2009-2011.
- TAB 7: Adult obesity is on par with the state average (30%). The percentage of excessive drinking (14%) and percentage of adults who are binge drinkers (12.9%) are higher than other CAH counties.
- TAB 8: Miami County has a lower rate of uninsured than the state norm and other CAH counties (13%).
- TAB 9: Mortality rates for Miami County are higher than CAH comparison for chronic lower respiratory diseases. Mortality rates for Linn County are higher than CAH comparison for cancer and heart disease.
- TAB 10: The percentage of infants fully immunized at 24 months is lower than the state and other counties (55.7%). Diabetic (85%) and mammography (62%) screenings are right on par with norms.

II. Methodology

[VVV Research & Development INC]

II. Methodology

a. CHNA Scope and Purpose

The new federal Patient Protection and Affordable Care Act requires that each registered 501(c)3 hospital conduct a Community Health Needs Assessment (CHNA) at least once every three years and adopt a strategy to meet community health needs. Any hospital who has filed a 990 is required to conduct a CHNA. IRS Notice 2011-52 was released in late fall of 2011 to give notice and request comments.

JOB #1: Meet/Report IRS 990 Required Documentation

1. a description of the community served by the facility and how the community was determined;
2. a description of the process and methods used to conduct the CHNA;
3. the identity of any and all organizations with which the organization collaborated and third parties that it engaged to assist with the CHNA;
4. a description of how the organization considered the input of persons representing the community (*e.g., through meetings, focus groups, interviews, etc.*), who those persons are, and their qualifications;
5. a prioritized description of all of the community needs identified by the CHNA and an explanation of the process and criteria used in prioritizing such needs; and
6. a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

Section 501(r) provides that a CHNA must take into account input from persons who represent the broad interests of the community served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: Government agencies with current information relevant to the health needs of the community and representatives or members in the community that are medically underserved, low-income, minority populations, and populations with chronic disease needs. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility's defined community (*e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc.*).

JOB #2: Making a CHNA Widely Available to the Public

The Notice provides that a CHNA will be considered to be "conducted" in the taxable year that the written report of the CHNA findings is made widely available to the public. The Notice also indicates that the IRS intends to pattern its rules for **making a CHNA "widely available to the public"** after the rules currently in effect for Form 990. Accordingly, an organization would make a **facility's written report** widely available by posting the final report on its website either in the form of (1) the report itself, in a readily accessible format, or (2) a link to another organization's website, along with instructions for accessing the report on that website. *The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

JOB #3: Adopt an Implementation Strategy by Hospital

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need, or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it. A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Great emphasis has been given to work hand-in-hand with leaders from both hospitals and the local county health department. A common approach has been adopted to create the CHNA, leading to aligned implementation plans and community reporting.

IRS Notice 2011-52 Overview

Applicability of CHNA Requirements to “Hospital Organizations”

The CHNA requirements apply to “**hospital organizations**,” which are defined in Section 501(r) to include (1) organizations that operate one or more state-licensed hospital facilities, and (2) any other organization that the Treasury Secretary determines is providing hospital care as its principal function or basis for exemption.

Under Section 501(r), a hospital organization is required to conduct a CHNA for each of its hospital facilities once every three taxable years. ***The CHNA must take into account input from persons representing the community served by the hospital facility and must be made widely available to the public.*** **The CHNA requirements are effective for taxable years beginning after March 23, 2012.** As a result, a hospital organization with a June 30 fiscal year end must conduct an initial CHNA for each of its hospital facilities by June 30, 2013, either during the fiscal year ending June 30, 2013 or during either of the two previous fiscal years.

Determining the Community Served

A CHNA must identify and assess the health needs of the **community served** by the hospital facility. Although the Notice suggests that geographic location should be the primary basis for defining the community served, it provides that the organization may also take into account the target populations served by the facility (e.g., children, women, or the aged) and/or the facility’s principal functions (e.g., specialty area or targeted disease). *A hospital organization, however, will not be permitted to define the community served in a way that would effectively circumvent the CHNA requirements (e.g., by excluding medically underserved populations, low-income persons, minority groups, or those with chronic disease needs).*

Persons Representing the Community Served

Section 501(r) provides that a CHNA must take into account input from **persons who represent the broad interests of the community** served by the hospital facility, including individuals with special knowledge of or expertise in public health. Under the Notice, the persons consulted must also include: (1) government agencies with current information relevant to the health needs of the community and (2) representatives or members of medically underserved, low-income, and minority populations, and populations with chronic disease needs, in the community. In addition, a hospital organization may seek input from other individuals and organizations located in or serving the hospital facility’s defined community (e.g., health care consumer advocates, academic experts, private businesses, health insurance and managed care organizations, etc.).

Required Documentation The Notice provides that a hospital organization will be required to separately document the CHNA for each of its hospital facilities in a **written report** that includes the following information: 1) a description of the community served by the facility and how the community was determined; 2) a description of the process and methods used to conduct the CHNA; 3) the identity of any and all organizations with which the organization collaborated and third parties that it engaged to assist with the CHNA; 4) a description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications; 5) a prioritized description of all of the community needs identified by the CHNA and an explanation of the process and criteria used in prioritizing such needs; and 6) a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

Making a CHNA Widely Available to the Public

The Notice provides that a CHNA will be considered to be **“conducted”** in the taxable year that the written report of the CHNA findings is made **widely available to the public**. The Notice also indicates that the IRS intends to pattern its rules for making a CHNA “widely available to the public” after the rules currently in effect for Forms 990. *Accordingly, an organization would make a facility’s written report widely available by posting on its website either (1) the report itself, in a readily accessible format, or (2) a link to another organization’s website, along with instructions for accessing the report on that website. The Notice clarifies that an organization must post the CHNA for each facility until the date on which its subsequent CHNA for that facility is posted.*

How and When to Adopt an Implementation Strategy

Section 501(r) requires a hospital organization to adopt an implementation strategy to meet the needs identified through each CHNA. **The Notice defines an “implementation strategy” as a written plan that addresses each of the needs identified in a CHNA by either (1) describing how the facility plans to meet the health need, or (2) identifying the health need as one that the facility does not intend to meet and explaining why the facility does not intend to meet it.** A hospital organization may develop an implementation strategy in collaboration with other organizations, which must be identified in the implementation strategy. As with the CHNA, a hospital organization that operates multiple hospital facilities must have a separate written implementation strategy for each of its facilities.

Under the Notice, an implementation strategy is considered to be **“adopted”** on the date the strategy is approved by the organization’s board of directors or by a committee of the board or other parties legally authorized by the board to act on its behalf. Further, the formal adoption of the implementation strategy must occur by the end of the same taxable year in which the written report of the CHNA findings was made available to the public. For hospital organizations with a June 30 fiscal year end, that effectively means that the organization must complete and appropriately post its first CHNA no later than its fiscal year ending June 30, 2013, and formally adopt a related implementation strategy by the end of the same tax year. *This final requirement may come as a surprise to many charitable hospitals, considering Section 501(r) contains no deadline for the adoption of the implementation strategy.*

II. Methodology

b. Collaborating CHNA Parties

Working together to improve community health takes collaboration. Listed below is an in depth profile of the local hospitals and health department CHNA partners:

Miami County Medical Center

2100 Baptiste Drive

Paola, Kansas 66071

913-294-2327

COO Jerry Wiesner

Miami County Medical Center (MCMC) is a member of the Olathe Health System (OHS). MCMC's mission and vision is the same as OHS.

Mission

MCMC is focused on improving the health of all individuals in the communities we serve by providing compassionate, quality healthcare in an environment of trust and collaboration.

Vision

MCMC is committed to be the premier healthcare provider and employer throughout the communities we serve.

Miami County Medical Center has a 39-bed license and offers a 24-hour emergency care center staffed by certified emergency professionals. We also specialize in providing quality care in numerous sub-specialties, including general surgery, orthopedics, cardiology, podiatry and family medicine. MCMC was named a Top Performer by The Joint Commission, the nation's leading accreditor for healthcare organizations, for the treatment of conditions like heart attack, heart failure, pneumonia and stroke. MCMC is one of just eight hospitals in Kansas to receive this distinction.

In addition, MCMC has recently earned Emergent Stroke Ready designation from the American Heart Association. This means that we can diagnose, treat and transfer patients, if necessary, who are experiencing stroke-like symptoms. For every minute that a stroke patient does not get to a stroke designated facility, that person loses 1.0 million neurons and ages by three weeks.

Miami County Medical Center believes patients are special. For the third consecutive year, Miami County Medical Center was awarded this honor for its commitment to excellence in patient care.

Services and Specialties

As a member of Olathe Health System, MCMC has access to numerous health delivery areas such as primary care, cardiac, oncology, surgery, diagnostic imaging, rehabilitation, home health and hospice care.

Allergy & Asthma	Neurology
Arthritis & Rheumatology	Neurosurgery
Bariatric Surgery (Weight Loss)	Obstetrics/Gynecology
Blood Disorders (Hematology)	Oncology
Breast Care	Ophthalmology
Cancer Care (Oncology)	Orthopedics & Sports Medicine
Cardiac and Pulmonary Rehab	Pain Management
Cardiovascular Care (Heart)	Pediatrics
Critical / Intensive Care	Pharmacy
Dermatology	Physical Medicine and Rehabilitation
Diabetes Care	Plastic & Reconstructive Surgery
Doctors Who Deliver Babies	Podiatry
Ear, Nose & Throat (Otolaryngology)	Pulmonology
Emergency Medicine	Radiation Oncology
Endocrinology	Radiology
Family Medicine	Rehabilitation Services (Physical, Occupational, Speech)
Gastroenterology	Rheumatology
Hand Surgery	Sinus Care
Hematology	Skin Rejuvenation
Home Healthcare	Sleep Disorders
Hospice	Stroke Care
Infectious Disease	Surgery
Infertility (Reproductive Endocrinology)	Urgent Care
Internal Medicine	Urology
Joint Replacement	Vascular Surgery
Laboratory	Vein Care Center
Mammography	Women's Health
Migraine Surgery	Wound Care and Hyperbaric Medicine
Nephrology	

Miami County Health Department

Office Location:

Miami County Health Department
1201 Lakemary Drive
Paola, KS 66071

Director Rita McKoon

Contact Information:

Phone: 913-294-2431

Fax: 913-294-9506

Office Hours:

8:00 a.m. to noon & 1:00 p.m. to 4:30 p.m.
Monday, Tuesday, Thursday, Friday

8:00 a.m. to noon & 1:00 p.m. to 5:30 p.m.
Wednesday

Department Function: The role of the Community Health Department is to provide leadership to the public health and medical communities in a coordinated effort to detect, respond to, and prevent illness. Programs administered by the Health Department include

- Family Planning
- Immunizations
- Women, Infant, & Children (WIC)
- Day Care Licensing
- Kan-Be-Healthy Screenings
- Healthy Start

Weekly schedule of services provided:

- Tuesday and Thursday-8:00 a.m. to noon and 1:00 p.m. to 4:00 p.m.
 - Walk-In Services
 - Blood Pressure and Pulse
 - Hemoglobin
 - Urinalysis
 - Blood Sugar
 - Injections (with doctor's order)
 - General Counseling
 - Immunizations
 - TB testing one ONLY on Tuesday 8-12 and 1-4 and Wednesday 4-5:30
- Wednesday-
 - Walk-In Services 4:00 to 5:30 p.m.
 - Family Planning Services 4:00 to 5:30 p.m.
- Thursday-8:00 a.m. to noon and 1:00 p.m. to 4:00 p.m.
 - Walk-In Services; No TB, No Family Planning
- Friday-8:00 a.m. to noon and 1:00 p.m. to 4:00 p.m.
 - Family Planning Services

WIC Office:

Phone: 913-294-9520

Fax: 913-294-9506

Office Hours: Tuesday, Wednesday, Thursday 8:00 a.m. to noon and 1:00 p.m. to 4:30 p.m.

Consultant Qualifications

VVW Research & Development, Inc.

Company Profile: 601 N. Mahaffie, Olathe, KS 66061-6431 (913) 302-7264

VINCE VANDEHAAR, MBA

Principal Consultant & Owner of VVW Research & Development, Inc.

VVW Research & Development, Inc. was incorporated on May 28th 2009. With over 30 years of business & faculty experience in helping both providers, payors, and financial service firms obtain their strategic planning, research & development needs, Vince brings in-depth health industry knowledge, research aptitude, planning expertise, and energy. VVW Research & Development services are organized, formal processes of listening to the voice of the customer. Vince started his consulting business in May of 2009, after working for Saint Luke's Health System (SLHS) of Kansas City for 16 years. Note: Saint Luke's Hospital of Kansas City, SLHS's largest hospital, won the Malcolm Baldrige National Quality Award in March of 2003. The Baldrige examiners cited Vince's department as "Best Practice" in the areas of customer satisfaction, market research, and evaluation efforts (Kansas City Star 3/10/04).

VVW Research & Development, INC. (Olathe, KS) consultants have in-depth experience helping hospitals work with local Health Departments to engage community residents & leaders to identify gaps between existing health community resources & needs, and construct detailed strategies to meet those needs - while still adhering to the hospital's mission and budget. Over the past 20 years, Vandehaar has completed 8 comprehensive Baldrige aligned Community Health Needs Assessments for Saint Luke's of Kansas City System facilities (3 campuses) and was contracted to conduct 2 additional independent Dept. of Health consulting projects (prior to IRS 990 regs). Currently in 2012, VVW has 12 CHNA IRS aligned assessments underway for Kansas hospitals & Health Departments.

Vince Vandehaar, MBA is actively involved in the Kansas City community. He is a member the Greater Kansas City Employee Benefits Association, the Society for Healthcare Strategy & Market Development, the American Marketing Association Kansas City Chapter, and Co-Chair of the AMA Kansas City Healthcare Special Interest Group. In addition to these roles, from 2000 to 2008, Vince served as the state chairman for MHA's Data Committee and was a member of KHA's Data Taskforce.

Collaborating Consultants

Lead Project Coordinator & Planning Analyst

II. Methodology

c. CHNA & Town Hall Research Process

Miami County Medical Center's (MCMC) Community Health Needs Assessment process began in the spring of 2012. At that time an inquiry was made by Mike Jensen, Olathe Health System's (OHS) Chief Operations and Development Officer to VVV Research & Development to explore the possibility of conducting a comprehensive IRS aligned CHNA for Miami County Medical Center, a member of OHS. On July 25th of 2012 a meeting was held to learn more about OMC CHNA collaborative options. On that date VVV Research & Development INC reviewed: VVV Research & Development CHNA experience, CHNA requirements (in-depth regulations), CHNA development steps / options to meet IRS requirements, and next steps after option approval.

VVV CHNA Deliverables:

- Confirm Miami County Medical Center service area meets 75/25 % patient origin rule,
- Uncover/Document Basic Secondary Research – Health of County. Organized by 10 TABS,
- Conduct Town Hall Meeting to discuss secondary data and uncover/prioritize county health needs,
- Report CHNA primary Research (with valid N), and
- Prepare and publish IRS-aligned CHNA report to meet requirements.

(NOTE: To ensure proper (75/25%) Town Hall representation, the following patient origin 3 years summary was generated. For MCMC, both Miami and Linn (KS) Counties resident's views need to be collected and reported to determine primary service area (PSA) health needs.)

The following chart (calendar of events) outlines approved Miami County Medical Center CHNA roles & responsibilities:

CHNA Miami County KS Work Plan

Project Timeline & Roles 2012

Step	Date (Start-Finish)	LEAD	Task
1	9/10/2012	VVV / MCMC	Hold Kickoff Conference call with Health Dept and hospital.
2	9/10/2012	VVV	Send out REQCoimmInvite Excel file. Olathe Health System Public Relations Dept will take lead on Town Hall names/address. Both HLTH Dept & MCMC will contribute.
3	TUES 9/25/12 Noon	VVV / MCMC	Prepare/send out PR story to local media announcing upcoming CHNA work (general story)
4	Due by 9/30/12 . Send pdfs to VVV	MCMC	Request/receive KHA patient origin data to document service area. Send for IP/OP reports pdfs - Years FFY 2011, 2010 and 2009 PO101E, PO202E, PO103zip, OP TOT223E.
5	Due by 9/30/12 . Send pdfs to VVV	MCMC/OM C	Send Working Draft of Required Town Hall file to VVV for review REQCoimmInvite.xls
6	Friday OCT 5 Noon	VVV / MCMC	Prepare/send out PR story to local media announcing upcoming Town Hall. VVV will mock-up with OHS PR Dept send out PR release to media sources.
7	Tues OCT 8th (at least 2 weeks prior to meeting)	MCMC/OM C	Prepare/send out Community TOWN HALL invite letter. (Use MCMC Required data file - joint signature (2). Use VVV letter sample format.)
8	Mon Oct 22 Time TBD	VVV / MCMC	Conduct CHNA conference call. Review Town Hall Secondary Research data (10 TABS) + Town Hall ppt
9	Thursday Oct 25	VVV +	Conduct CHNA Town Hall. Dinner 5:30-7pm Paola KS) Conduct Community Roundtables - Review Basic CHNA info RANK priorities.
10	On or before Dec 1, 2012	VVV	Complete Analysis - Release Draft 1- seek feedback from County Leaders (Hospital & Health Dept.)
11	On or before 12/31/12	VVV	Produce & Release final CHNA report. Post CHNA online.
12	After 1/1/13	MCMC	Hold Board Meetings discuss CHNA needs, adopt an implementation strategy and communicate MCMC plan.

To meet IRS aligned CHNA requirements, a four-phase methodology was reviewed and approved as follows:

Phase I – Discovery: Conduct a 30 minute conference call with CHNA hospital client and County Health Department. Review / confirm CHNA calendar of events, explain / coach client to complete required participants database and schedule / organize all Phase II activities.

Phase II – QUALIFY Community Need:

A) Conduct secondary research to uncover the following historical community health status for PSA. Use KS Health Matters, a joint venture between KHA and KHDE, Vital Statistics, County Health Rankings, etc. to document “current state” of county health organized as follows:

TAB 1. Demographic Profile
TAB 2. Economic/Business Profile
TAB 3. Educational Profile
TAB 4. Maternal and Infant Health Profile
TAB 5. Hospitalization / Providers Profile
TAB 6. Behavioral Health Profile
TAB 7. Risk Indicators & Factors
TAB 8. Uninsured Profile
TAB 9. Mortality Profile
TAB 10. Preventative Quality Measures

B) Gather historical primary research to uncover public health needs, practices and perceptions for hospital primary service areas.

Phase III – QUANTIFY Community Need: Conduct 90 minute Town Hall meeting with required county PSA residents. (Note: At each Town Hall meeting, CHNA secondary data will be reviewed, facilitated group discussion will occur, and a group ranking activity to determine the most important community health needs will be administered.

Phase IV - Complete data analysis & create comprehensive Community Health Needs Assessment. Post CHNA report findings to meet IRS CHNA criteria.

After consideration of CHNA stakeholders (sponsoring hospital & local health department) the CHNA Basic option was selected with the following project schedule:

Phase I: Discovery.....	August 2012
Phase II: Secondary Research	Sept-Oct 2012
Phase III: Town Hall Meeting.....	October 25, 2012
Phase IV: Prepare / Release CHNA report.....	February 2013

Detail CHNA development steps include:

	Suggested Development Steps
Step # 1 Commitment	<i>Determine interest level of area healthcare leaders (Hospital, Health Dept, Schools, Churches, Physicians etc), hold community meeting.</i>
Step # 2 Planning	<i>Prepare brief Community Health Needs Assessment Plan - list goals, objectives, purpose, outcome, roles, community involvement, etc. Hold Community Kick-off meeting.</i>
Step # 3 Secondary Research	<i>Collect & Report Community Health Published Facts. Gather data health practice data from published secondary research sources i.e. census, county health records, behavioral risk factors surveillance, etc.</i>
Step # 4a Primary Research	<i>Conduct Community Roundtable (Qualitative Research). Review Secondary Research (Step3) with Community Stakeholders. Gather current opinions and identify health needs.</i>
Step # 4b Primary Research <Optional>	<i>Collect Community Opinions. (Quantitative Research). Gather current opinions (Valid sample size) regarding community health needs and healthcare practices. If appropriate, conduct Physician Manpower Assessment to determine FTE Physician need by specialty.</i>
Steps # 5 Reporting	<i>Prepare/Present comprehensive Community Health Needs Assessment report (to community leaders) with Recommended Actions to improve health. < Note: Formal report will follow IRS Notice 2011-52 regs ></i>

Overview of Town Hall Community Priority Setting Process

Each community has a wealth of expertise to be tapped for CHNA development. For this reason, a town hall is the perfect forum to gather community insight and provide an atmosphere to objectively consensus build and prioritize county health issues.

All Town Hall priority-setting and scoring processes involve the input of key stakeholders in attendance. Individuals and organizations attending the Town Halls were critically important to the success of the CHNA. The following list outlines partners invited to Town Hall: local hospital, public health community, mental health community, free clinics, community-based clinics, service providers, local residents, community leaders, opinion leaders, school leaders, business leaders, local government, faith-based organizations and persons (or organizations serving them), people with chronic conditions, uninsured community members, low income residents, and minority groups.

Miami County's Town Hall was held over dinner on Thursday October 25th, 2012, at the Town Square. Vince Vandehaar and Amanda Burian facilitated this 1 ½ hour session with forty three community attendees. (Note: a detail roster of Town Hall attendees is listed in Section V a.)

The following Town Hall agenda was conducted:

1. Welcome & Introductions
2. Review purpose for the CHNA Town Hall and roles in the process
3. Present / Review of historical County Health Indicators (10 TABS)
4. Facilitate Town Hall participant discussion of data (probe health strengths / concerns). Reflect on size and seriousness of any health concerns cited and discuss current community health strengths.
5. Engage Town Hall participants to rank health needs (using 4 dots to cast votes on priority issues). Tally & rank top community health concerns cited.
6. Close meeting by reflecting on the health needs / community voting results. Inform participants on "next steps".

At the end of each Town Hall session, VVV encouraged all community members to continue to contribute ideas to both hospital and health department leaders via email or personal conversations.

< NOTE: To review detail Town Hall discussion content, please turn to Section V for detail notes of session and activity card content reporting of open end comments.>

I. Introduction:
Background and Experience

Vince Vandehaar MBA, VVV Marketing & Development INC
Principal Consultant, Olathe, KS 913 302-7264

- Professional Consulting Services: Strategic Planning, Marketing Management, Business Research & Development Focus: Strategy, Research, Deployment
- Over 25 years of experience with Tillinghast, BCBSKC, Saint Luke's

Adjunct Professor - Marketing ! Health Admin.- 24 years +

- Webster University (1988- present)
- Rockhurst University (2010 - present)

Amanda Burian MBA, Business Development Analyst

Town Hall Participation (You)

- ALL attendees welcome to share.
 - ↳ Parking Lot
- There are no right or wrong answers.
- Only one person speaks at a time.
- Please give truthful responses.
- Have a little fun along the way.

I. Introductions: a conversation with the community.

Community members and organizations invited to CHNA Town Hall

Consumers: Uninsured/underinsured people, Members of at-risk populations, Parents, caregivers and other consumers of health care in the community, and Consumer advocates.

Community leaders and groups: The hospital organization's board members, Local clergy and congregational leaders, Presidents or chairs of civic or service clubs – Chamber of Commerce, veterans' organizations, Lions, Rotary, etc., Representatives from businesses – owners/CEO's of large businesses (local or large corporations with local branches), Business people & merchants (e.g., who sell tobacco, alcohol, or other drugs), Representatives from organized labor, Political, appointed and elected officials, Foundations, United Way organizations. And other "community leaders."

Public and other organizations: Public healthofficials, Directors or staffofhealth and human service organizations, City/Community planners and development officials, Individuals with business and economic development experience,Welfare and social service agency staff,Housing advocates - administrators of housing programs: homeless shelters, low-income-family housing and senior housing,Educationofficials and staff- school superintendents, principals and teachers, Public safetyofficials, Staff from state and area agencies on aging,Law enforcement agencies - Chiefs of police, Local colleges and universities, Coalitions working on health or other issues.

Other providers: Physicians, Leaders in other not-for-profit health care organizations, such as hospitals, clinics, nursing homes and home-based and community-based services, Leaders from Catholic Charities and other faith-based service providers, Mental health providers, Oral health providers, Health insurers, Parish and congregational nursing programs, Other health professionals

II. Review CHNA Purpose & Process

Why conduct Community Health Needs Assessment?

- To determine health-related trends and issues of the community.
- To understand/evaluate health delivery programs in place.
- To develop strategies to address unmet health needs.
- To meet Federal requirements – both local hospital & Health Department.

Community Health Needs Assessment Joint Process: Hospital & Health Department

- ### Required Written Report IRS 990 Documentation
- a description of the community served
 - a description of the CHNA process
 - the identity of any and all organizations & third parties which collaborated to assist with the CHNA;
 - a description of how the organization considered the input of persons representing the community (e.g., through meetings, focus groups, interviews, etc.), who those persons are, and their qualifications;
 - a prioritized description of all of the community needs identified by the CHNA and
 - a description of the existing health care facilities and other resources within the community available to meet the needs identified through the CHNA.

III. Review Current County "Health Status" – Secondary Data by 10 TAB Categories plus KS State Rankings

TAB 1. Demographic Profile
TAB 2. Economic/Business Profile
TAB 3. Educational Profile
TAB 4. Maternal and Infant Health Profile
TAB 5. Hospitalization / Providers Profile
TAB 6. Behavioral Health Profile
TAB 7. Risk Indicators & Factors
TAB 8. Uninsured Profile
TAB 9. Mortality Profile
TAB 10. Preventative Quality Measures

IV. Collect Community Health Perspectives
Ask your opinion. Your thoughts?

- 1) **Tomorrow:** What is occurring or might occur that affects the health of our community?
- 2) **Today:** What are the *strengths* of our community that contribute to health
- 3) **Today:** Are there healthcare services in your community/ neighborhood that you feel *need to be improved and / or changed*?

III. Community Health Status

a. Historical Health Statistics

Health Status Detail Profile – Miami County KS MCMC PSA

This section of the CHNA reviews published quantitative and qualitative community health indicators and results of our recent CHNA Town Hall. Below is a table documenting MCMC Miami County Town Hall healthcare areas of strength.

Miami County KS Health Strengths	
1	Proactive service organizations; (Salvation Army etc.)
2	Good hospital / doctors and schools. Progressive collaborates with MC health department, Up to date equipment for mammograms
3	EMS services
4	Clean air, water, environment
5	Bike & walking trails
6	Access to mental health care (state hospital, Elizabeth Leighton center)
7	Dialysis center opening
8	Food banks (some food healthy, some not so healthy)
9	Health partnership clinics (not county run, Federally qualified health care center)
10	Access to gyms, Body Maxx... at least one in every town
11	IQ health: You can check lab results out of Olathe Health system
12	Long-term care
13	Good level of breastfeeding

Primary Research Findings

During September through November 2012, ETC Institute administered a CHNA survey on behalf of Olathe Health System. Following are key questions revealing MCMC PSA public feelings (N=429) toward health delivery:

Source: ETC Institute (2012 Miami County Medical Center Community Needs Assessment Survey)

Please indicate whether you think the issue is a major problem or a minor problem in your community

by percentage of respondents who felt the item was a "major problem" or "minor problem"

Source: ETC Institute (2012 Miami County Medical Center Community Needs Assessment Survey)

Which THREE of the issues listed above do you think are the biggest health care issues in your community?

by percentage of respondents (sum of top 3 choices)

Source: ETC Institute (2012 Miami County Medical Center Community Needs Assessment Survey)

Please rate how easy/difficult you think it is to get access to the following types of health services in the community where you live

by percentage of respondents who rated the items (excluding "don't know")

Source: ETC Institute (2012 Miami County Medical Center Community Needs Assessment Survey)

Which THREE of the health services listed above do you think are needed most in the community where you live?

by percentage of respondents (sum of top 3 choices)

Source: ETC Institute (2012 Miami County Medical Center Community Needs Assessment Survey)

Secondary Research

When considering the state of community health, it's important to review published health data by topic area. To produce this profile, VVV Research & Development staff analyzed / organized indicators into ten areas of focus (10 TABS) and reported 2012 County Health Rankings. (Note: The Robert Wood Johnson Foundation collaborates with the University of Wisconsin Population Health Institute to release annual *County Health Rankings*.)

United Way 2-1-1 Get Help. Give Help.

My resource connection <http://ims.jocogov.org/rc/>

Need to find counseling? A health clinic? Job training? A food pantry? Want to volunteer or donate goods? Don't waste valuable time trying to find the right resource. By simply dialing 2-1-1 on your phone, you can make just one call to find or give help.

United Way 2-1-1 spans a 23-county area, including 7 counties in Kansas and 16 in Missouri, and has access to literally thousands of resources. And that comprehensive database is constantly being updated so you'll have accurate information. Plus, United Way 2-1-1 saves 9-1-1 for life and death emergencies.

United Way 2-1-1 is an easy-to-remember central phone number connecting people with available community resources and volunteer opportunities. You'll reach a trained, caring professional 7 days a week, 24 hours a day, 365 days a year. All for free, all confidential.

issues, particularly those requiring advocacy. The health care advocate can help with prescription assistance, medical supplies and equipment, medical transportation, referrals to community clinics, in-home health aid, support groups, immunizations and more.

For additional information about United Way's 2-1-1 services, call (816) 474-5112 or toll free at (866) 320-5764.

Miami Town Hall Meeting Notes October 25, 2012

Strengths (Good)

- Good service organizations; local community service groups (ex: Salvation Army)
- Good hospital & doctors
- Good group of people educating
- EMS services
- Clean air, water, environment
- Bike & walking trails
- Access to mental health care (state hospital, Elizabeth Leighton center... they accept walk-ins)
- Dialysis center opening
- Food banks (some food healthy, some not so healthy)
- Health partnership clinics (not county run, Federally qualified health care center)
- Heart/stroke care at the hospital
- Access to gyms, Body Maxx... at least one in every town
- Progressive hospital that collaborates with the health department
- IQ health, provider can give you access to internet where you can check lab results out of Olathe Health system
- Long-term care
- Up to date equipment for mammograms
- Good level of breastfeeding

Linn

- Primary care
- Physical environment (air, water)

Weaknesses (Improvements, Challenges)

- Reduce obesity rate
- Urgent care is needed
- Lower smoking rate
- Reduce the number of accidents
- More health education – diabetic, obesity, behavioral risk factors, chronic diseases
- Rates of teen pregnancy
- Births to unmarried women
- Low percentage of people using gyms (cost or lazy?)
 - YMCA helps with costs based on income
- Mental health providers
- Affordable pharmaceuticals
- Safe, healthy place for children to play
- More doctors who accept walk-in appointments
- More resources/funding to help improve health screenings in schools
- Home health care – PT/OT to go south of Johnson County
- Health care transportation (Linn)
- Lower suicide rate (Linn)
- Cardiac rehab
- Improving immunization rates
- Decrease domestic violence
- Increase access to dental care
- Health needs to be larger priority, no coordinated effort (health initiatives)
- Keep elderly in their homes (home care)

Anything going to affect health of community in the next 2-3 years?

- New health clinic established for low-income medical care in Elizabeth Leighton Center → Health Partnership of Johnson County received federal grant

Community Health Needs Assessment			
Miami County, KS (Feedback Cards -Healthcare items to improve / Change)			
CODE1	CODE2	CODE3	Are there healthcare services in your community / neighborhood that you feel need to be improved and / or changed?
ACC			Decrease accidents
AGE			Elderly health
BH			Mental health
CARD			Cardiac rehab
CHEM	CANC		Cancer treatments (chemotherapy, radiation)
DATA			Monitoring & tracking health
DENT			Dental care access
DOCS	PRIM		Increase number of primary care providers/doctors
DRUG	ALC		Drug & alcohol abuse
EMS			EMS
FAM			Family planning
FIT			Physical activity
HH			Home health
INSU			More care available for underinsured & uninsured
MAMO			Increase mammograms
NUTR			Decrease food assistance
NUTR			More affordable, healthy foods
NUTR			Nutrition
OB			Births to unmarried women
OBES			Obesity
PHARM			Affordable pharmaceuticals
PHY			Physical therapy/occupational therapy
PREV			Increase health screenings/assessments
PREV			Preventative care
PREV			School screenings
REC			Recreational facilities
REC			Safe places for children to play
SMOK	TOB		Smoking
SMOK	TOB		Smoking during pregnancy
SUIC			Lower suicide rate
TPRG			Teenage pregnancy
TRAN			Transportation to health services
URGT			Urgent care
URGT			Walk-in clinics
VACC			Increase infant immunization
VIO			Domestic violence
WAIT			Decrease waiting time to see a doctor
WELL			Health education
WELL			Wellness programs

Miami County Medical Center and Miami County Health Department Invite Community to Town Hall Meeting About Healthcare Needs

PAOLA, KAN. (Oct. 8, 2012) – Miami County Medical Center (MCMC) and Miami County Health Department (MCHD) would like to get input for community members about the healthcare needs and desires in Miami County. Community members are invited to a Town Hall meeting from 5:30 – 7 p.m. on Thursday, Oct. 25 at Town Square, 15 W. Wea in Paola, Kan., to discuss this topic with representatives from MCMC and MCHD. A light dinner will be provided.

At the Town Hall, community members will have the opportunity to share their experiences and suggestions about healthcare in Miami County. This information will be part of a final public report, called the Miami County Community Health Needs Assessment (MCCHNA). The report will provide guidance to address the county's healthcare needs and also fulfills federal and state healthcare reform mandates.

MCMC and MCHD are working with Vince Vandelaar, MBA, principal consultant at VVV Research and Development, Inc., to facilitate the meeting and create the formal MCCHNA report.

###

Miami County Health Department & Miami County Medical Center

Invite you to attend a

TOWN HALL MEETING

Thursday, Oct. 25, 2012 from 5:30 – 7 p.m.
Town Square, 15 W. Wea, Paola, Kan. 66071

A light dinner will be provided.

Miami County Health Department (MCHD) and Miami County Medical Center (MCMC) are working together to assess the healthcare needs and desires in Miami County and create a plan to meet those needs.

We invite the public to attend a Town Hall Meeting on Oct. 25 to share thoughts on creating a vision of healthcare in Miami County. Your input from the Town Hall meeting will be part of a public report, called the Miami County Community Health Needs Assessment.

Please RSVP for the Town Hall Meeting to
Juanita Sprinkle, executive assistant at MCMC, at 913-294-6640.

October 10, 2012

Dear [NAME]:

Miami County Medical Center (MCMC) and Miami County Health Department (MCHD) are partnering to assess the healthcare needs and desires in Miami County and create a plan to meet those needs. We believe it is important for community members to be involved in the process and have a chance to share their thoughts on this subject. Please join us on Thursday, Oct. 25 at a Town Hall meeting to discuss this topic with fellow community members and representatives from MCMC and MCHD. You will have the opportunity to share your experiences and suggestions about healthcare in Miami County.

Your input from the Town Hall meeting will be part of the final public report, called the Community Health Needs Assessment (CHNA). MCMC and MCHD are working with Vince Vandehaar, MBA, principal consultant at VVV Research and Development, Inc., to facilitate the meeting and create a formal CHNA report.

The Town Hall meeting is your chance to join us for a very important community discussion and tell us what you think. If you are unable to attend, please consider sending a representative from your firm/agency. Below are the details for the meeting we are asking you to attend:

Miami County Community Health Needs Assessment Town Hall Meeting

Where: Town Square, 15 W. Wea, Paola, Kan. 66071

When: Thursday, Oct. 25, 2012 from 5:30 – 7 p.m.

A light dinner will be provided.

Please RSVP for this meeting to Juanita Sprinkle, executive assistant at MCMC, at 913-294-6640. We look forward to talking with you, and thank you for your participation.

Sincerely,

Jerry Wiesner, VP & COO
Miami County Medical Center

Rita McKoon, R.N., Director
Miami County Health Department

Olathe Health System Community Needs Assessment Survey

Overview and Methodology

Overview

Purpose. During September 2012 through November 2012, **ETC Institute (Olathe KS)** administered a Community Needs Assessment Survey for the Olathe Health System. The purpose of the survey was to gather information from residents living in Olathe Health System's service area, which includes the Olathe area and other southern Johnson County areas (e.g., DeSoto, Gardner, Edgerton, Spring Hill), together with Miami, Franklin, and Linn counties. The data collected from the survey will help identify resident's attitudes, awareness, perceptions and utilization of the Olathe Health System's services. The survey will also help to identify the reasons potential customers are not utilizing Olathe Health System services and what could be done to increase usage among all customer groups.

Methodology

Survey Design. To reduce the length of the survey and to address specific issues for different customer groups, four versions of the survey were developed. Each survey was tailored to residents living in the following cities and or counties of Olathe Health System's service area: 1) Olathe, 2) Desoto, 3) Gardner, Edgerton and Spring Hill and 4) Miami and Linn counties (the primary service area for the Miami County Medical Center). With the exception of tailoring the survey by City name, surveys created for Olathe, Desoto and Gardner/Edgerton/Spring Hill were the same. The survey created for Miami and Linn counties included many of the same questions as the other three surveys, but several of the questions were tailored to address the Miami County Medical Center. Each version of the survey was seven-pages in length and took the typical respondent about 25 minutes to complete.

The overall results for questions that were included on the Olathe, Desoto and Gardner/Edgerton/Spring Hill versions of the survey, 1,325 surveys, have a precision of at least +/-2.6% at the 95% level of confidence. The overall results for the Miami/Linn counties survey, 429 surveys, have a precision of at least +/-4.7% at the 95% level of confidence.
