

AMS Connect is our Health System enterprise-wide, secure, mobile paging solution.

Follow AMSCConnect  
Provisioning Steps

Open Comp  
Portal

Install  
AMSCConnect

Open App

Designate Health  
System as  
Institution

Log In with  
Network  
Username and  
Password

## Install AMSCConnect

Users must be provisioned by the Pager Warehouse at The University of Kansas Health System. This must be done **after** the Intune install and **prior** to end user attempting to login into AMSCConnect. Users should log into AMSCConnect once they have received an email from the Pager Warehouse. Provisioning may take up to 24 hours or less to occur.

### AMSCConnect Provisioning Steps

- Manager requests for physical pagers (**physical pagers required**):
  - Please complete the [Add or Remove from paging request.docx](#) form and email it to the Pager Warehouse ([pagerwarehouse@kumc.edu](mailto:pagerwarehouse@kumc.edu)).
- Manager requests for pager number **ONLY (no physical pager required)**
  - Please send an email to Pager Warehouse ([pagerwarehouse@kumc.edu](mailto:pagerwarehouse@kumc.edu)) and include the below information for person requiring a pager number:
    - Name (person needing pager number):
    - Email:
    - Username:
    - Dept Name / Cost Center:
    - Paging Account Identifier (Account# /Name): F1-22520 / KUMed Hospital Authority
    - Indicate "No physical pager required"

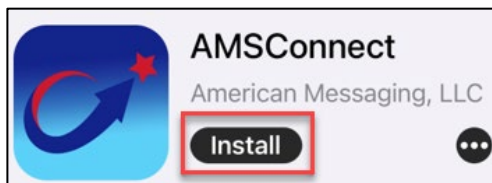

### General Info

- Pager Warehouse Contact Info:
  - Phone number: 913-588-2337
  - Email: [pagerwarehouse@kumc.edu](mailto:pagerwarehouse@kumc.edu)
- ITS Service Desk
  - Phone number: 913-945-9999 (Option 1)
  - Log MyIT ticket: [Report O2 Issue](#) (Follow link and complete the form)
  - Email: [hits\\_servicedesk@kumc.edu](mailto:hits_servicedesk@kumc.edu)

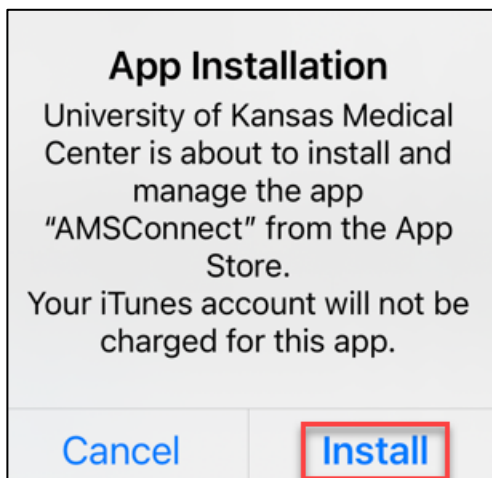

1. Launch Comp Portal  on your device.

To comply with hospital policies and ensure patient safety, Microsoft Intune (Comp Portal) is required on your personal device prior to installing this hospital app. If your device is lost or stolen, hospital apps can be removed. For instructions on installing Intune, please refer to the [Intune Install](#) tip sheet.

2. Tap View All Apps.
3. Select **AMSCONNECT** and **Install** (this may take a few minutes).

4. Tap **Install**.

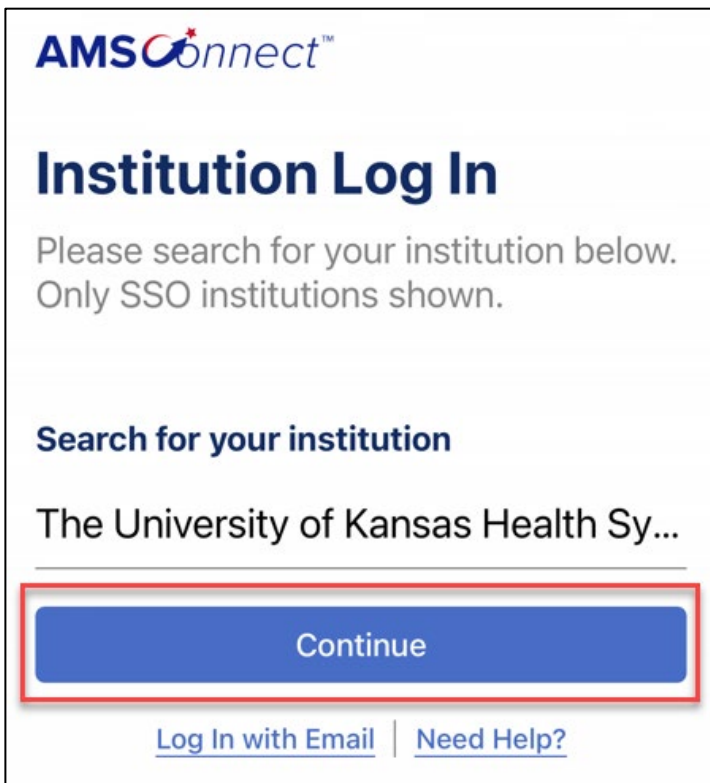

**Note:** If install seems slow, swipe down to refresh. It will say pending or downloading, but it should be downloaded, and you can continue the install process.

## Sign into AMSCONNECT

1. **Open** AMS Connect app.
2. Tap **Log In with Institution**.

3. Search for **The University of Kansas Health System** and **Continue**.

AMS Connect™

## Institution Log In

Please search for your institution below.
