The University of Kansas Health Care System, Department of Internal Medicine, Division of Pulmonary and Critical Care Medicine, is seeking a full-time Pulmonary and Critical Care Specialist with a strong background in interstitial lung diseases.

About the position:

- Clinical duties include providing and supervising patient care in ambulatory lung clinics and inpatient services, involvement in interstitial lung disease multi-disciplinary conferences, and teaching of residents and subspecialty fellows.
- Research expectations are to develop a strong independent or collaborative research program in ILD. Active funding or experience in translational or basic science research is highly desirable.
- Applicant must have an M.D. degree from an approved LCME medical school and satisfactory completion of an Internal Medicine residency and Pulmonary/Critical Care fellowship from an ACGME accredited program.
- Must be eligible for Kansas medical licensure and BE/BC in Internal Medicine, Pulmonary Medicine, and Critical Care.
- Additional specialized training in Interstitial Lung Disease, Occupational Health, and/or Sarcoidosis is preferred.

About The University of Kansas Health System:

- 784-bed academic medical center
- 10th consecutive year ranking with US New and World Report’s “Best Hospital” designation.
- Consistently earns national recognition for outstanding quality and safety.
- “Best Hospital” in Kansas City for the 7th time & “Best Hospital” in Kansas for the 5th time (the only hospital to have received these awards since their inception).
- Magnet designation in nursing achieved for the third consecutive year.

Kansas City:

- The Kansas City metropolitan area has a bi-state population of greater than 2 million.
- A “hidden gem” winning the award of America’s 4th most Cultured City by Travel+Leisure magazine.
- Affordable housing including downtown lofts, suburban neighborhoods, and rural properties.
- A robust arts scene including symphony, ballet, theatre and museums.
- Sports enthusiasts can enjoy a variety of professional and collegiate sports.
- Outdoor activities abound year round with more than 600 parks and 24 public lakes.
